Dear Hiring Manager,

I am interested in the Google STEP Intern, First-Year Student, Summer 2023 position. In May 2025 I will be graduating from the University of Central Florida with a Bachelor of Science degree in Computer Science. I recently had the pleasure of meeting three Google Engineers, UCF alumni, through the Association of Computing Machinery (ACM) at UCF. The Googlers had amazing things to say about their experience working for Google and the internship programs for students. With my passion for technology, innovation, and problem solving, I am confident I will be a perfect fit for Google.

My coursework has taught me basic Computer Science concepts in C and Python, which I have used to produce web applications and games. Through being involved with ACM and Knight Hacks at UCF, I have gained experience developing software as a team and using Git.

I would appreciate the opportunity to meet with you to further discuss qualifications and career opportunities with Google.

Thank you for your consideration.

Sincerely,

Robert H. McDonald
